Rev. Warren I. Egebo

NGA Hall of Fame – 2023

2023 NGA Hall of Fame Inductee

Welcome to the 2023 NGA PRO/AM Universe and the American Natural Championships!!

This year we lost two NGA Family members. Craig Toth who promoted for the NGA in 2008-2013 and who was inducted into the NGA Hall of Fame last year at this very event. He lost his battle to cancer on November 6th exactly one year from the day he was inducted. We also lost Lee Banks, an extraordinary NGA Promoter and PRO athlete from Jacksonville, Florida also due to cancer. Both of these young and inspirational men passed away at the very young age of 52!! Before we begin, NGA Promoter Rev. Warren Egebo is going to lead us in prayer for both Craig and Lee. Please rise!!!

Though this year marks the 44th year since the founding of the NGA, this is the 10th Annual NGA Hall of Fame tribute. Inductees must possess attributes that help shape the sport of natural bodybuilding and make exceptional contributions to further the growth, reputation, and character of the NGA and the sport we hold in such high esteem.

This year we are pleased to announce the 2023 NGA Hall of Fame inductee goes to Rev. Warren I. Egebo!

Warren has been an NGA Promoter since 2001! He has produced over 37 shows and counting including the NGA PRO/AM Mr. & Ms. Natural Philadelphia, NGA Mr. Anthracite Natural/Mr. Coal Natural, and the NGA PRO/AM Natural Green Bay Hardbodies.

A natural bodybuilder for over 30 years he believes the mind, body, and soul should be worked on each day and is truly the “fountain of youth”. The NGA looks forward to seeing what Warren has in store for the future of the NGA.

With that said will everyone please stand and help me give a warm welcome to our guest of honor, NGA Promoter, Rev. Warren I. Egebo.
